TAP for the Axon camera products also includes free replacement of the Axon flex controller battery and Axon body battery during the TAP Term for any failure that is not specifically excluded from the Hardware Warranty.

1. **License Grant.** TASER grants a non-exclusive, royalty-free, worldwide right and license to use the Software, where "use" and "using" in this Agreement mean storing, loading, installing, or executing the Software exclusively for data communication with a TASER product. The Agency may use the Software in a networked environment on computers other than the computer on which the Software is installed provided that each execution of the Software is for data communication with a TASER product. The Agency may make copies and adaptations of the Software for archival purposes only. When copying or adaptation is an essential step in the authorized use of the Software the Agency shall retain all copyright, trademark, and proprietary notices in the original Software on all copies or adaptations.
2. **License Restrictions.** The Agency may not use the Software in any manner or for any purpose other than as expressly permitted by this Agreement. The Agency may not: (a) modify, alter, tamper with, repair, or otherwise create derivative works of the Software; (b) reverse engineer, disassemble, or decompile the Software or apply any other process or procedure to derive the source code of the Software, or allow any others to do the same; (c) access or use the Software in a way intended to avoid incurring fees or exceeding usage limits or quotas; (d) copy the Software in whole or part, except as expressly permitted in this Agreement; (e) use trade secret information contained in the Software, except as expressly permitted in this Agreement; (f) resell, rent, loan or sublicense the Software; (g) access the Software in order to build a competitive product or service or copy any features, functions or graphics of the Software; or (h) remove, alter or obscure any confidentiality or proprietary rights notices (including copyright and trademark notices) of TASER or TASER's licensors on or within the Software or any copies of the Software. All licenses granted in this Agreement are conditional on continued compliance with this Agreement, and will immediately terminate if the Agency does not comply with any term or condition of this Agreement. During the term of use of the Software and after, the Agency will not assert, nor authorize, assist, or encourage any third party to assert, against TASER or any of TASER's affiliates, customers, vendors, business partners, or licensors, any patent infringement or other intellectual property infringement claim regarding the Software.
3. **Support.** TASER may make available updates and error corrections (collectively, "Updates") to the Software. Axon Integration Services Appendix

1. **Term.** The term of this SOW commences on the Effective Date. The actual work to be performed by TASER is not authorized to begin until TASER receives the signed Quote or a purchase order for the Integration Services, whichever is first.
2. **Scope of Integration Services.** The project scope will consist of the development of an integration module that allows the EVIDENCE.com services to interact with the Agency's RMS so that Agency's licensees may use the integration module to automatically tag the AXON® recorded videos with a case ID, category, and location. The integration module will allow the Integration Module License holders to auto populate the AXON video meta-data saved to the EVIDENCE.com services based on data already maintained in the Agency's RMS. TASER is responsible to perform only the Integration Services described in this SOW and any additional services discussed or implied that are not defined explicitly by this SOW will be considered out of the scope and may result in additional fees.
3. **Pricing.** All Integration Services performed by TASER will be rendered in accordance with the fees and payment terms set forth in the Quote.
4. **Delivery of Integration Services.**
 - 4.1 **Support After Completion of the Integration Services.** After completion of the Integration Services and acceptance by the Agency, TASER will provide up to 5 hours of remote (phone or Web-based) support services at no additional charge to the Agency. TASER will also provide support services that result because of a change or modification in the EVIDENCE.com services at no additional charge as long as the Agency maintains EVIDENCE.com subscription licenses and Integration Module Licenses, and as long as the change is not required because the Agency changes its RMS. Thereafter, any additional support services provided to the Agency will be charged at TASER's then current standard professional services rate.
 - 4.2 **Changes to Services.** Changes to the scope of the Integration Services must be documented and agreed upon by the Parties in a change order. If the changes cause an increase or decrease in any charges or cause a scheduling change from that originally agreed upon, an equitable adjustment in the charges or schedule will be agreed upon by the Parties and included in the change order, signed by both Parties.
 - 4.3 **Warranty.** TASER warrants that it will perform the Integration Services in a good and workmanlike manner.
5. **Acceptance.** TASER will present Agency with a completed Checklist (**Checklist**) certifying TASER's completion of the Integration Services. If Agency reasonably believes that TASER did not complete the Integration Services in substantial conformance with this SOW, Agency must notify TASER in writing of its specific reasons for rejection within 7 calendar days from delivery of the Checklist to the Agency. TASER will address the Agency's issues and will re-present the Checklist for the Agency's review. If TASER does not receive a written notification of the reasons for rejection of the Checklist, the absence of a response will constitute Agency's affirmative acceptance of the Integration Services, and a waiver of any right of rejection.

- 6 **Agency's Responsibilities.** TASER's successful performance of the Integration Services depends upon the Agency's:
- 6.1 Making available its relevant systems, including its current RMS, for assessment by TASER (including making these systems available to TASER via remote access if possible);
 - 6.2 Making any required modifications, upgrades or alterations to Agency's hardware, facilities, systems and networks related to TASER's performance of the Integration Services;
 - 6.3 Providing access to the building facilities and where TASER is to perform the Integration Services, subject to safety and security restrictions imposed by the Agency (including providing security passes or other necessary documentation to TASER representatives performing the Integration Services permitting them to enter and exit Agency premises with laptop personal computers and any other materials needed to perform the Integration Services);
 - 6.4 Providing all necessary infrastructure and software information (TCP/IP addresses, node names, and network configuration) necessary for TASER to provide the Integration Services;
 - 6.5 Promptly installing and implementing any and all software updates provided by TASER;
 - 6.6 Ensuring that all appropriate data backups are performed;
 - 6.7 Providing to TASER the assistance, participation, review and approvals and participating in testing of the Integration Services as requested by TASER;
 - 6.8 Providing TASER with remote access to the Agency's Evidence.com account when required for TASER to perform the Integration Services;
 - 6.9 Notifying TASER of any network or machine maintenance that may impact the performance of the integration module at the Agency; and
 - 6.10 Ensuring the reasonable availability by phone or email of knowledgeable staff and personnel, system administrators, and operators to provide timely, accurate, complete, and up-to-date documentation and information to TASER (these contacts are to provide background information and clarification of information required to perform the Integration Services).
- 7 **Authorization to Access Computer Systems to Perform Services.** Agency authorizes TASER to access Agency's relevant computers, network systems, and RMS solely for the purpose of performing the Integration Services. TASER will work diligently to identify as soon as reasonably practicable the resources and information TASER expects to use, and will provide an initial itemized list to Agency. Agency is responsible for, and assumes the risk of any problems, delays, losses, claims, or expenses resulting from the content, accuracy, completeness, and consistency of all data, materials, and information supplied by Agency.
- 8 **Definitions.**
- "Integration Services" means the professional services provided by us pursuant to this SOW.
